

VICTORY PREDICTED BY BOTH PARTIES TOMORROW

G. O. P. VICTORY SEEMS CERTAIN IN CALIFORNIA

Registration Shows Republicans Outnumber Democrats Almost Three to One

(By Associated Press)
SAN FRANCISCO, Nov. 1.—The final chapter of the California political campaign of 1920 will be written tomorrow at the polls when the voters declare their preferences for president of the United States, United States senator, eleven congressmen, a host of legislators and other officials. In addition, they will pass on 12 proposed constitutional amendments, five referendums and three initiative measures.

Despite the multiplicity of issues on the general election ballot, political observers declare the present campaign has been the quietest in a decade. California, normally a Republican state, has a registered vote for tomorrow's election of 1,374,184, which also is the largest registration in the state's history. Of this number of voters 884,975 registered as Republicans and 299,861 as Democrats. The nonpartisan registration was 171,742; Socialists, 19,828; Prohibitionists, 29,050; and Progressives 5242. In 1916 the registered vote was 1,314,446 and 1,045,858 persons went to the polls.

In the last general election the state also had a heavy Republican registration, but President Wilson carried California by a small majority. Democratic leaders call attention to this fact and assert that the state is still in a pivotal position, despite the overwhelming list of Republican voters.

Apart from the major issue of the campaign—that of expressing a choice for president—public interest has centered largely in the senatorial contest between Senator James D. Phelan, Democrat, and Samuel M. Shortridge, Republican. Among the 20 measures on the ballot, the so-called anti-alien law, which seeks to prohibit the leasing of farm lands to aliens ineligible to citizenship, the prohibition law, the community property act, the act amending the initiative laws increasing from 3 per cent to 25 per cent the legal number of signatures on initiative petitions that affect assessments or collection of taxes, and the University of California ad valorem tax measure, have been more prominently before the voters than many of the others because of the campaigns made for and against them.

U. C. MCARTHY, of Reno, is in this city on a business mission.

FOUR ARE KILLED IN IOWA WRECK

(By Associated Press)
STANTON, Iowa, Nov. 1.—Four persons were killed today in a wreck on the Chicago, Burlington & Quincy railroad, in which three trains were involved. No passengers were injured. The dead are trainmen and one tramp.

IRISH CITY AGAIN SCENE OF REPRISALS

Families Flee to Country for Safety When Police Raid Town of Dunganon

(By Associated Press)
DUNGANNON, Ireland, Nov. 1.—This town spent a terrifying night as a result of reprisals following the wounding of a constable during an attack on a police patrol by civilians yesterday. Policemen and armed disguised men visited the town and discharged bombs and firearms in many business houses owned by members of the Sinn Fein. A number of places were wrecked and many families fled to the country for safety.

(By Associated Press)
DUBLIN, Ireland, Nov. 1.—Kavern Barry, a medical student, was executed in Mount Joy prison today for taking part in an attack on a military escort here last summer. He was charged with murder, as two British soldiers were killed during the fight.

(By Associated Press)
DUBLIN, Ireland, Nov. 1.—There were at least 14 separate attacks on the police and military in the west and south of Ireland Sunday evening. In these attacks six policemen were killed and 18 others wounded. One member of the military and one naval man were wounded, and one civilian was killed.

TONOPAH WINS FROM BISHOP TEAM

Despite the fact that the field was covered with snow, the Tonopah high school football team won from Bishop Saturday afternoon by a score of 7 to 0. The Bishop team outweighed the local boys by several pounds per man, but the superior speed of Tonopah carried them through to victory. A return game will be played in Bishop on Armistice day, November 11, as one of the attractions of a three-day celebration which the American Legion post at that place is planning.

WORKERS ARE URGED NOT TO CAST VOTES

(By Associated Press)
NEW YORK, Nov. 1.—Large placards urging workers not to vote but to strike and "boycott this election" resulted in the arrest of three men found posting them in Harlem today. The posters were signed by the United Communist party, but the men arrested denied being Communists and said they had been promised \$20 pay for distributing the placards.

COLBY OPPOSES ANTI-JAPANESE LEGISLATION

Existing Provisions Must Be Obeyed in California, Says State Department

(By Associated Press)
WASHINGTON, D. C., Nov. 1.—Reassurances have been given the Japanese ambassador by the state department, it was revealed in a formal statement today, that no anti-Japanese legislation in California "will be acceptable to the country at large that does not accord with the existing and applicable provisions of the law and with the national instinct of justice."

The department's statement follows: "The movement in California to recast the state laws affecting alien land tenure has been receiving since its inception the close and interested attention of the department of state. The relations of certain treaty provisions to the proposed measure are being discussed clearly and ably in California and will doubtless prove an element in the state's decision as to the addition or rejection of the proposed measure. In the meantime the department has had numerous discussions of a most friendly and candid nature with the ambassador of Japan and it is believed he thoroughly realizes, as we have sought to make clear, that no outcome of the California movement will be acceptable to the country at large that does not accord with the existing and applicable provisions of the law, and, what is equally important, with the national instinct of justice."

The fact that the statement, which is the first by the department of state on the California land question, was issued on the eve of the election, is declared by officials to have no political significance.

JAPANESE WOMAN AND BABY DROWNED

(By Associated Press)
LOS ANGELES, Cal., Nov. 1.—The bodies of a Japanese woman and a Japanese child about a year old were found in a pond in the residential district today. The child was tied to the woman's back.

STOCK MARKET ERRATIC TODAY

Under an erratic market leading Divides had a tendency to fluctuate violently. In New York Tonopah Divide opened with sales at 1.10 and sold low at 1.00. The San Francisco exchange was a little bullish, with opening sales at 1.12 1/2. It was thought by local brokers that the price would decline, but the price rose steadily to 1.25 bid and sales, a total of 8000 shares, changing hands. Gold Zone was also erratic with opening sales at 19, but on a turnover of 37,000 shares the price rose to 23 bid and sales. Brougher sold at 12 and 13 and Divide Extension at 27. West was steady at 15 and 16, but Kernick was weaker at 9. Other Divides were generally weaker.

Goldfields were quiet, with Red Hills at 2, Cracker Jack at 3 and Great Bend at 1.

In the Tonopahs, West End sold at 1.10, North Star at 5 and Midway at 10.

Braken Hills sold off to 11. Holly at 1.60 and Croesus at 50 were firm.

Comstocks were active. Consolidated Virginia, on opening sales at 4.07 1/2, sold steadily up to 4.72 1/2 on a buyer. Other Comstocks felt the rise, Ophir selling up to 76 and Union at 41.

The industrial market was steady. There will be no market tomorrow, election day. The betting on the election at 1.15 today in Philadelphia was 2 to 1 on Harding.

Total sales for the day, 284,300 shares.

Enormous Woman Vote at Polls Tomorrow Is Unknown Factor as End of Campaign Approaches

REPUBLICANS AT AIRDOME TONIGHT

Tonight will be known as Candidates' Night at the Airdome, when the Republicans of Tonopah will gather for the last big rally before the polls open tomorrow. All the candidates for county offices will be present and will present their appeals for support in the election.

Handbills advertising the event are being distributed throughout the city today. In addition to the candidates, District Attorney Harry H. Atkinson will make an address on the league of nations. Those who have heard Mr. Atkinson speak at various rallies over the county report that his presentation of the disadvantages of the league of nations is the clearest that has been given in Tonopah during the campaign. All voters are urged to come early and stay late at the Airdome tonight.

BETTING ODDS 9 TO 1 ON HARDING

Betting in New York, according to wires received by R. Fred Brown today, is 9 to 1 on the election of Harding. No Cox money is in sight in Tonopah, and practically the only bets being made here are on the result in Ohio, the bets being made on the basis that Harding would not carry Ohio by 40,000 majority. Few bets, if any, have been made on the results in Nevada.

THROUGH FAULT FOR ORE SHOOT

E. F. Carr, engineer in charge of the Silver Hills mine at Tule Canyon, returned last evening from the property after devoting some time to checking up on the geological report of F. C. Merritt, formerly of the Anaconda Copper company, who was engaged to make a report on conditions. Mr. Merritt has had extended experience with granite formations and is regarded as an authority. After an exhaustive examination Mr. Carr realized that the rich ore-shoot found on the 100-foot level had been lost on the 200-foot level through intrusion of a fault which will necessitate driving 150 feet to the northwest to recover the ore-shoot on which the company is staking on the upper level. The shoot is one of the richest known to miners and daily shipments of high-grade ore being sent out to Goldfield where the ore is stored for shipment. The values are astounding, running between \$900 and \$3000 per ton. A glance at the ore is sufficient to estimate the value, as the whole mass is knitted together with wire silver that would command better than billion prices for display as specimens. The examination further disclosed that the values are on the north instead of the south side of the fault, and Superintendent Carr believes there will be no trouble in picking up the shoot after driving through the dike that threw the orebody out of line with the overlying formation.

FAIR, COOL IN WEST TUESDAY

(By Associated Press)
WASHINGTON, D. C., Nov. 1.—Rains on election day in the Atlantic states, the upper Ohio valley and the region of the Great Lakes, with some probability of snow in northern Michigan, Wisconsin and Minnesota were forecast today by the weather bureau. Fair and cool weather is promised over the plains states, the Rocky mountain states and all far western states, and clearing and much cooler for the Gulf states.

LOST ON HUNTING TRIP IS FOUND

Jack Noon, the barber who went on a hunting trip to Pahranagat valley with Billy Jacobs and another man a week ago Sunday, and who became separated from his companions, arousing their fears that he had been drowned in the slough in which he was hunting, is reported safe, according to word received here this morning.

(By Associated Press)

NEW YORK, Nov. 1.—With the opening of the polls less than 24 hours away, both the Republican and Democratic headquarters today confidently took up the stride which will carry them to the finish of the presidential contest tomorrow.

"Cox and Roosevelt will win" declared George White, Democratic national chairman. Will Hays, leader of the Republican forces, translated his expectations into figures, expressing the conviction that Harding has not less a lead than 368 and probably 386 electoral votes out of a possible 531. The number required to elect is 269.

The interest on the last day of the fight centers in a final desperate attempt to bring over doubtful states with large electoral votes to deliver. A salient example of the states in this category is Ohio. Other states where the eleventh hour contest is intense with both parties sanguine of success are Arizona, Nevada, Kentucky, Maryland, New Mexico, Tennessee, North Carolina and Oklahoma.

Second only in interest as to the outcome of the voting is the subject, "What will women do?" Leaders of both major parties disclaim possession of any advance information on what is to be expected of the new class of voters exercising their franchise for the first time.

Speculation in ordinary well-informed political circles centers about the hypothetical proposition of women who will vote tomorrow in comparison with the male vote and the sectional distribution of the women's vote and possibilities of its being as a whole independent enough to overturn the tables of election probabilities compiled over a period of years in which certain states had been normally inclined to one political faith or the other.

The Socialist party made claims for the largest proportional women's vote. If any of the six national parties start out to break the electoral college records tomorrow, they must aim at that set upon the election of 1912 by President Wilson. His majority of 339 was the greatest in the history of American elections.

ELECTION HELD IN CUBA TODAY

(By Associated Press)
HAVANA, Cuba, Nov. 1.—Cuba votes today for a new president. The end of the campaign is regarded as the most historic since the island gained the right of government over its own affairs and found old party lines broken. Platform issues apparently were forgotten in the fight for control of the government by Jose Miguel Gomez, Liberal nominee, and Dr. Alfredo Zayas, candidate of the Coalition party.

THIS SPACE HAS BEEN PURCHASED BY THE FRIENDS OF TASKER L. ODDIE

We are on the eve of a great election.

The country demands a change from a national administration of extravagance, incompetence and inefficiency. The people demand a business administration to set the country right, to bring conditions back to normal, to start the wheels of all industries and to give them adequate protection against the product of foreign cheap labor.

We have had one Coxey's Army, and with it poverty, distress and public soup kitchens; the country in its present condition cannot afford to have another.

Let us, then, make certain of the election of WARREN G. HARDING as President and CALVIN COOLIDGE as Vice President of the United States. They will preserve our national honor; they will institute policies that will stabilize business, protect the product of labor, bring order out of the chaos and prosperity to the nation.

But they need help. They need a Republican Congress and a Republican Senate. SAM ARENTZ is a strong man for congress; a Republican. Be sure to vote for him. You all know TASKER L. ODDIE. To him Nevada must look for an established proper place with the Republican administration. His life as an owner and operator

of mines in business and in personal affairs is a monument to fair and square dealing. A man who deals fairly and squarely with his employees you may count on to do so in public position. And he has done so as Governor of this state.

The most progressive legislation for the benefit of the people at large was instituted during his administration. He purified the election laws. There were innumerable bills benefitting the miner and railroad man, and laboring men in general which he formulated into laws.

We need TASKER L. ODDIE in the senate for the same purpose. We need him to help out the Republican administration in the great work of reconstruction of our country's affairs. We need the Republican administration to help the state of Nevada. We need a Republican senator to get that recognition and needed help.

TASKER L. ODDIE is the man, and the only man, who can help the country as a senator from Nevada, and who can help the state of Nevada by being its senator.

Show your patriotism, your love of country and your love of this state.

Make TASKER L. ODDIE senator tomorrow.
